Keynote Speech  
**October 7th 2021**

*Title: TBD*

Chiara Tonelli is Professor of Architecture Technology at Roma Tre University and Counsellor at Rome's Architect Register since 2017. She is the coordinator of the Italian entry to the Solar Decathlon Europe, coming third in 2012 and first in 2014, and the technical coordinator of the Energy Plan for the Latium region, Italy. Tonelli also coordinates the Great Scientific and Technological Project on Energy and Environment, run by the Italian Ministry for Foreign Affairs, which supports an exchange of ideas with Argentina in order to generate knowledge on positive energy buildings for the urban regeneration of informal settlements. She regularly appears on Italian television as a commentator on architecture.
