SAFE MEETING

The ICEP 2021 Conference was organized on-site following all the security procedures necessary to maintain the safety of every person involved.

The Organizing Secretariat has been working since February on a detailed safety protocol to follow and all staff members will be trained in order to follow the procedures for preventing the spread of the virus. The protocol dictates all the measures that organizers, participants, sponsors, suppliers and every person involved in the Conference will need to follow, such as using face masks, hand sanitizers and social distancing. Participants were able to upload a certificate for the vaccine during the registration, or to pre-purchase at a reduced fee and swab outside the Conference venue, to guarantee the safety of everyone during the Conference and the related social activities.

More information can be found on our website at the page Safety Meeting:

NON – DISCRIMINATION AND INCLUSIVITY POLICIES FOR ICEP 2021

The ICEP 2021 Conference adopted a safer space policy and implemented numerous diversity and inclusivity initiatives in the ongoing effort to improve the diversity and inclusivity in this Conference.

The Organizing Secretariat will respect every author and participant regardless of their gender identity (whether it is feminine, masculine or neutral). In respect of the transgender and non-binary communities, the pronouns of the participants were and will be asked during the registration on an optional basis. Pronouns will be printed on the badges alongside the names that participants will use during the Conference.

Our safer space policy aims to foster an environment of respect, which makes all participants feel welcome – particularly those who are typically marginalized or excluded, whether by religion, race, sex, gender, or sexual, romantic and relational orientation.

Attendees are encouraged to:

- Ask respectful questions and avoid dominating a presenter’s question time to further any particular agenda.
- Be mindful of and understand that intersectionality shapes our lived experience.
- Actively include all attendees in social gatherings (such as post-conference dinners and social events), particularly those for whom English is not their first-language and junior students.
